

Finding missing numbers

What is the missing digit in this addition?

$$\begin{array}{r}
 3 \boxed{?} . 9 4 \\
 + 5 1 1 . 8 9 \\
 \hline
 5 4 6 . 8 3 \\
 \hline
 1 1
 \end{array}$$

Which digits replace A, B and C below?

$$\begin{array}{r}
 4 \overset{3}{\cancel{1}} \boxed{C} . 7 8 \\
 - 1 6 . \boxed{B} 6 \\
 \hline
 2 5 . 4 \boxed{A}
 \end{array}$$

Complex fluency

Sum the four numbers below.

27.49, 38, 9.78, 6.8

Use the column method to work out

81.039 - 1.67

Work out

487.52 - 86.74 - 52.81

What number has been subtracted from 97.58 to get 39.25?

Cross-topic questions

Find the **range** of these numbers:

8.8, 8.73, 23.2, 15.48, 20.94

What is the **mean** of the lengths below?

15.61m, 9.18m, 13.42m, 8.15m

Jessica has 3.2m of rope.

She cuts off 47.5cm.

How much rope does she have left?

Find the **perimeter** of the shape below.
